This figure is a Gantt chart for the year 2003, spanning from January to June. The chart is organized into six columns representing months and six rows representing different project or task categories. Each row contains a series of horizontal bars, some colored blue, red, or green, indicating the duration and timing of specific activities. Various symbols are placed along these bars, such as 'D' (Deliverable), 'R' (Review), 'X' (X), 'Y' (Y), 'Z' (Z), and asterisks (*). Below the chart, month abbreviations I through XII are aligned with the corresponding bars.
